

Now, choose either a ruffled pocket (instructions on step 8), or a corded pocket (instructions at step 11).

## Ruffled Pocket

8) Fold each Ruffle in half, matching double notches, (right sides together). Stitch 1/4" from all 4 un-notched side edges. Trim each seam, turn and press both Ruffles flat.

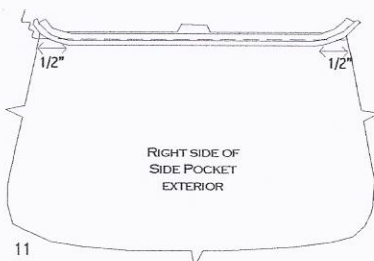

9) Baste 1/8" from raw double-notched edges of both Ruffles.

10) Beginning & ending 1/2" from side edges, align raw edges of each Ruffle with straight top edge of each Side Pocket exterior. Match single notch & gather to fit. Stitch 1/4" from raw edges. Skip to step 12.

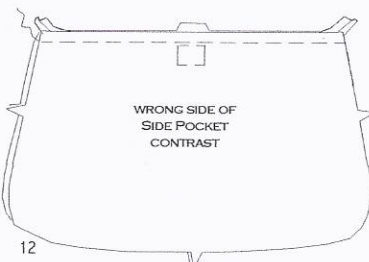

## Corded Pocket

11) Make or cut two 6" pieces of cording. Trim cording "tape" to 1/4". Align cording tape with top edge of each Side Pocket exterior. (Place cording exactly 1/4" from top raw edge). Beginning & ending 1/2" from side edges, bend cording upwards toward Pocket top. Stitch in place, 1/4" from raw edges. Proceed to step 12.

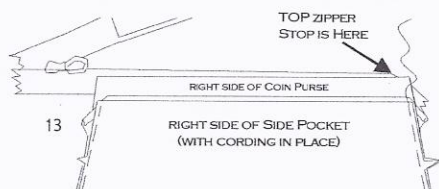

## Back to Wristlet

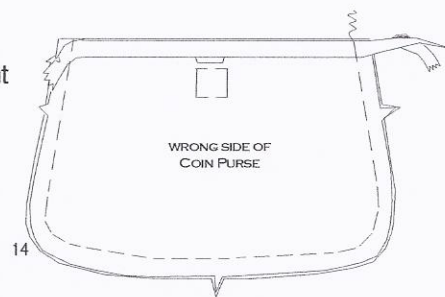

12) Place a Side Pocket (in contrast) onto each Side Pocket exterior, (right sides together), matching all notches, sandwiching cording or ruffle in between. Stitch 1/4" from top straight edge again, stitching right through cording or ruffle, at each edge. Turn & press both Side Pocket pieces away from cording or ruffle.

13) Place each finished Side Pocket on a Coin Purse exterior, matching all notches. Stitch in place ~1/8" from raw edges, starting & stopping ~1/2" below Side Pocket edge. It's OK to catch zippertop pieces in the seam, but pin zipper bottom pieces out of the way. (illustration shows corded pocket)

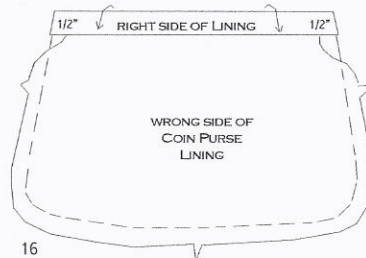

14) Unzip zipper ALL of the way, & place Coin Purse right sides together (both side pockets are sandwiched in between). Stitch 3/8" from raw edges, through ALL thicknesses, without catching zipper bottom pieces in seam. Restitch for security.

15) Clip curves & trim seam starting & stopping ~1" below top on each side. Turn right side out and press Coin Purse flat. Now re-zip zipper some, & push zipper bottom pieces into small opening at end of zipper with your finger. Now unzip again, but this time, only to the Coin Purse edge.

16) Stitch Coin Purse Linings right sides together, 3/8" from raw edges. Re-stitch for security. Press a 1/2" hem into raw top edge of Lining, wrong sides together. Do not clip curves, turn or press.

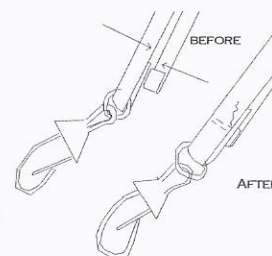

17) Push Lining into Coin Purse (wrong side together now), & pin top hem in place ~1/4" below zipper teeth. "Finger press" side seam inside the zipper top end OPEN, & position Lining hem to conceal it. Pin hem over the zipper at zipper bottom end to conceal bottom portion of zipper. (DO NOT TRIM OFF ZIPPER END!) Handstitch in place taking very small stitches.

## Wristlet strap (optional)

18) Cut a piece of interfacing ~11" long & 1/2" wide. Center it on wrong side of Strap & fuse in place.

19) Fold & press both long side edges inward, over interfacing, so that they almost touch. Now fold entire Strap in half again, lengthwise. It's ~1/4" wide now. Press flat and stitch in place.

20) Push one end through zipper hook loop. Overlap handle raw edges ~1" concealing raw edge. Now turn over top raw edge ~1/2" to conceal this raw edge also. Stitch in place. Attach hook to the pull tag of your zipper.

**You're DONE! Enjoy your Wristlet!**
