Trunk Show Requirements

1. Sample handbags are available on a first-come first-serve basis, so please plan ahead & reserve your show as soon as possible. During certain times of the year, we are scheduling shows 3 months in advance.
2. Trunk shows are scheduled for a maximum of 30 days & must be returned to StudioKat Designs by the scheduled return date. Your packing slip will include shipping instructions. Please return your trunk on time so that others can enjoy their shows according to schedule.
Please note: there is a \$10 service fee for each day late.
3. There is no cost for borrowing our trunk shows, but to qualify, you must purchase at least 6 (six) patterns (at the whole-sale price, 50% off retail), for each sample bag you are borrowing. The pattern order and payment must be received prior to the Trunk Show being shipped to you. Patterns are shipped separately from the trunk show.
4. StudioKat Designs will pay to ship the trunk show to you (for US Trunk shows ONLY). You are responsible for shipping costs to return the show to our studio. *For Trunk Shows shipped to Canada: we will deduct \$10.00 off of your pattern order, which equals the equivalent cost of shipping a trunk Show to a US location.*
5. All shows come with a packing list. Please review it when the show arrives at your store to verify that you receive the samples listed. Save your packing list to make sure you have returned all the samples that you have borrowed.
6. All shows have an insured value, which you will find on the trunk show's packing list. When you return a show, you must insure your shipment for the amount of the show's stated value and provide a tracking number to us.
7. Please do not display the Trunk Show in direct sunlight, as this will cause fading. We will trust you to honor our request to keep them in their best possible condition for others to enjoy after you.
8. Please note that you are responsible for any lost, stolen or damaged samples, and all samples must be returned in good condition.
9. We suggest recycling. Please re-pack the trunk show with care just as you received it & using the same materials. There should be a plastic garbage liner covering the bottom of the box. Please stuff every sample with bubble filler, placing it as flat as possible on the plastic liner. If you must replace the box you received your trunk show in, make sure the re-placement is sturdy and large enough to ship the larger samples in WITHOUT crushing or folding them.
